## Elite® Electronic Stethoscope with SensorTech™ Technology

Hear more of what you need, and less of what you don't.

The Welch Allyn Elite Electronic sensor-based stethoscope gives you precise sound pickup—minimizing vibration, resonance and sound loss. Easily detect low diastolic murmurs and high-pitched pulmonary sounds you might not hear with other stethoscopes.

### Accessories

5079-430 Analyzer Software—Record, playback, analyze, store, and share files right from your PC.

5079-401 Distributor—Share what you hear with up to five people at the same time.

5079-405 Elite Electronic Stethoscope

On/off button with timer function to conserve battery life

Dual-position filter switch allows you to switch between bell and diaphragm modes

Proprietary speaker system enables optimum sound transmission

Two-year warranty

Adjustable binaurals and eartips ensure all-day comfort

Binaural spring tension is adjustable for personal comfort

latex free

5079-405 Elite Electronic Stethoscope

Directional recessed pressure sensor allows for superior sound reproduction

External cable port for co-listening and connecting to a PC

Long-life lithium ion battery lasts up to 140 hours

## Why Welch Allyn?

For almost 100 years, we have been focused on providing exceptional performance, quality, and value from every Welch Allyn device. Our complete lineup of stethoscopes is no exception. Three key elements differentiate Welch Allyn stethoscopes from the competition: better performance, higher quality, and more value.

> **Performance:** Welch Allyn Harvey™ and Elite® cardiology stethoscopes were designed by Dr. Proctor Harvey, the first and only “master” of cardiology bestowed by the American College of Cardiology. Dr. Harvey designed these stethoscopes to accentuate the more important high-frequency ejection sounds, systolic clicks, and murmurs.

Harvey and Elite stethoscopes also conform to American Heart Association (AHA) guidelines that indicate a stethoscope should include a diaphragm (for high-frequency sounds) and bell (for low-frequency sounds).

> **Quality:** Welch Allyn cardiology stethoscopes are rugged, and are backed with warranties that typically exceed competitive models by two or more years.

> **Value:** Welch Allyn Harvey and Elite stethoscopes are convertible, and include both adult and pediatric diaphragms. It's like getting two stethoscopes for the price of one.

## Welch Allyn—A Full Line of Stethoscopes to Meet Your Unique Needs:

## What are the advantages of SensorTech Technology?

SensorTech Technology has truly perfected the art of registering, transmitting, and amplifying sound waves. The sensor picks up body sounds without sending a signal or energy into the patient's body. And the stethoscope's predefined frequency filters may help you hear the types of sounds that can enhance your ability to diagnose.

### Transducer placement

Welch Allyn Elite Electronic sensor is placed at the patient interface for more focused sound pickup, eliminating unwanted vibration, resonance, and sound loss.

## Harvey™ DLX Stethoscope

Harvey DLX cardiology stethoscopes were developed by the preeminent Dr. Proctor Harvey to deliver the critically important high-frequency heart sounds like clicks, murmurs, and ejection sounds. Includes interchangeable pediatric and adult diaphragms and a 10-year warranty. Harvey DLX stethoscopes are designed to accentuate sounds with unparalleled accuracy and crispness.

### Harvey™ DLX Double-Head Stethoscopes— 71 cm (28 inches)

- 5079-325 Black
- 5079-326 Burgundy
- 5079-327 Navy
- 5079-328 Forest Green
- 5079-325P Pediatric, Black

### Harvey™ DLX Triple-Head Stethoscopes— 71 cm (28 inches)

- 5079-321 Black
- 5079-322 Burgundy
- 5079-323 Navy
- 5079-324 Forest Green

**Flat Diaphragm—**  
Unique, tightly-constrained diaphragm is optimized for higher-frequency, critically important heart sounds like murmurs, clicks, and ejection sounds.

**Corrugated Diaphragm—**  
The corrugated diaphragm is especially good for detecting lower-frequency sounds, rumbles, and gallops.

**Triple Head Models—**  
Get complete flexibility and efficiency by placing a bell, flat diaphragm, and corrugated diaphragm at your fingertips.

5079-327 Harvey DLX Double-Head Stethoscope, Navy

## Harvey™ Elite® Stethoscope

The Harvey Elite offers updated styling with the superior comfort and auscultation capabilities cardiologists have come to rely on. Its stainless steel head transmits sounds crisply and clearly. The Harvey Elite comes with a 10-year warranty and a pediatric chestpiece.

### Harvey™ Elite® Stethoscopes

- 5079-122 Black, 56 cm (22 inches)
- 5079-125 Black, 71 cm (28 inches)
- 5079-270 Burgundy
- 5079-271 Navy
- 5079-284 Forest Green
- 5079-125P Pediatric, Black, 71 cm (28 inches)

Triple-leaf binaural spring encased in polyurethane allows size adjustment while preventing breakage

5079-270 Harvey Elite Stethoscope, Burgundy

### What is the advantage of a two-tube stethoscope?

Two-tube stethoscopes, such as the Harvey DLX and Elite, provide an individual sound channel to each ear. This allows you to hear the subtle characteristics of heart sounds and murmurs more distinctly. The heavier tubing also filters out the distracting noise typical of a busy environment.

Welch Allyn Harvey stethoscopes have both a bell and diaphragm to easily isolate high-(diaphragm) and low-frequency (bell) sounds. Some stethoscopes have only a diaphragm. Harvey stethoscopes have adjustable binaurals for a customized, comfortable fit.

## General Diagnosis Stethoscopes

### Excellent acoustic clarity and durability

Welch Allyn General Diagnosis stethoscopes provide excellent sound quality, durability, and comfort for the practicing professional. Their acoustics allow for accurate auscultation of cardiac, pulmonary, and vascular sounds.

### Professional Adult and Pediatric Stethoscopes

Excellent for general auscultation and blood pressure

- Double-head design
- Adult and Pediatric versions available
- Stainless steel chestpiece and binaurals
- Rotatable binaurals and interchangeable comfort sealing eartips
- Latex free
- 5-year warranty

#### Professional Adult Stethoscopes—71 cm (28 inches)

- 5079-135 Black
- 5079-137 Navy
- 5079-289 Blue
- 5079-139 Burgundy
- 5079-285 Forest Green

#### Professional Pediatric Stethoscopes—71 cm (28 inches)

- 5079-145 Black
- 5079-149 Burgundy
- 5079-147 Navy
- 5079-287 Forest Green

latex free

5079-135 Professional Adult Stethoscope, Black

latex free

### Planoscop

Planoscop features a 40-mm, ultra-slim diaphragm that is ideal for listening to Korotkoff sounds.

- Single-head design
- Ultra-slim diaphragm
- Adjustable binaurals
- Latex free
- 2-year warranty

#### Adult Planoscop Stethoscopes—78 cm (31 inches)

- 83-11-080 Black
- 83-11-060 Yellow
- 83-11-040 Red
- 83-11-020 Blue
- 83-11-030 Green

latex free

### Duophon

The Duophon lightweight double-head design features a 40 mm diaphragm and bell for excellent acoustics.

- Double-head design
- Chrome plated
- Excellent acoustics
- Adjustable binaurals
- Latex free
- 2-year warranty

#### Adult Duophon Stethoscopes—78 cm (31 inches)

- 82-11-080 Black
- 82-11-060 Yellow
- 82-11-040 Red
- 82-11-020 Blue
- 82-11-030 Green

## Disposable Stethoscopes

### Uniscope

Designed as a single patient-use stethoscope for situations where contamination issues are of concern, the Welch Allyn Uniscope disposable stethoscope enables you to make accurate diagnoses without compromising your primary stethoscope. The Uniscope is excellent for general auscultation, and a light blue pediatric version is also available.

- Single-head chestpiece
- Latex free tubing
- Plastic chestpiece and binaurals

#### Disposable Stethoscopes

- 17461 Adult, Yellow
- 17462P Pediatric, Light Blue
